Donna.Ballard@mail.wvu.edu / 304-788-6993

ACF Representative **Tom Sydow**
Tom.Sydow@mail.wvu.edu / 304-788-6996

Please contact any member listed above if you have any questions or need additional information. Our goal is to present a unified approach in support of higher education to the members of the 83rd West Virginia Legislature. We will strive to demonstrate and inform our State leaders about the value of investing in West Virginia University. Our goal is to protect WVU's current State budget and guard against additional cuts to higher education.

2018 FACULTY AND STAFF LEGISLATION

2018 FACULTY AND STAFF LEGISLATIVE REQUESTS

West Virginia University Faculty and Staff endorse a system based on fairness, accountability, credibility, transparency and a systematic approach to compensation and classification decisions.

WEST VIRGINIA UNIVERSITY STATE GOVERNMENT AGENDA

We ask that our legislation:

1. Appreciate the importance of higher education on the future of the state and oppose further cuts to WVU's budget.
2. Consider the full impact of campus carry, including the costs of compliance and the potential loss in recruitment and retention of students, faculty and staff.
3. Provide adequate and affordable health care options to the employees of WVU.
4. Continue to support the comprehensive healthcare mission of WVU's Health Sciences Center through the 1 cent pop tax.

WVU FAST FACTS

- / WVU is the state's **largest public institution of higher learning**. We serve youth, adults and families in every county.
- / Since 2011 WVU has **lost more than \$30 million** in base funding from the State.
- / Adjusted for inflation, WVU's appropriation is **less than half of what it was 20 years ago**.
- / WVU is the second-largest employer participating in PEIA and pay over \$56.3 million each year for this insurance whose **costs continues to rise each year**.
- / WVU is a **vital link between the State economy and the workplace**. WVU's Morgantown campus alone creates over \$3.6 billion in economic activity and provided \$66 million in tax revenue to the State.
- / Maintaining WVU budget funding will contribute to the goal of **increasing West Virginia's per capita income** to the national average during the next decade.
